Facts about Smoking Meat

Smoked Meat will have a red/pink smoke ring.

This is a visible pink tint on the inside layer of any meat product, including chicken. Do not be alarmed. All food is fully cooked to a safe temperature and prepared following strict guidelines.

Smoking is a lengthy process.

Our smoked meats take anywhere from 4-16 hours to cook to perfection, depending on the product. We will do our best to cook daily for expected consumption, however sometimes **we may run out**. We appreciate your understanding.

Our Signature Sauces

We have 5 Signature Sauces

Bold Bite- a thick rich sauce with a peppery heat and hint of Bourbon flavor

Bourbons Sweet- full of flavor with a hint of Bourbon and definitely sweet!

Smokehouse Original- an all around favorite with mild, yet addictive mix of flavor. (not spicy or overly sweet)

Kickin Dippin- thinner vinegar based sauce that packs a punch of heat. Great with pork

Mustard Rush- a BBQ mustard blend that keeps you coming back for more

Wood Fired Pit Smoked BBQ Meat

Restaurant, Bar and Catering

Welcome to Bourbons Smokehouse where we take pride in our slow smoked process and recipes which have been created and perfected over a 20 year period. We have signature sauces and side items a plenty to tantalize the taste buds of a wide variety of BBQ lovers.

Smoked BBQ is a passion, not just a way to cook! In fact, you may know a fellow smoker yourself. Smoking allows for your individuality to shine through, as everyone can create a distinct and different flavor profile. This is also why you can go to a different BBQ place and enjoy them all. We always encourage our "home smokers" to keep the pits burning and continue to hold us accountable to a higher level of expectations. In part, we are doing this for you and because of you. When you don't have time for a 16 hour cook, come on in, relax and enjoy.
